"Our Children and families come first"

CUSTOMARY CARE SERVICES

Peguis Child and Family Services
acknowledges that Family
connections are essential in the
healing of Our Families

With the Support of the Agency
we rely on our families to provide
care Our Children need. We
acknowledge the Strength and
Connectedness our Families
provide to Our Children.

Community Care also known as Customary Care

To enable the Agency to successfully work with Families the Agency recognized the importance of establishing Family connectedness. A Family Tree has been completed for all Children and Families working with the Agency.

What is a Family Tree?

Family Tree

Is defined as a diagram showing the relationships between people in several generations of a family.

IMPOTANCE OF A FAMILY TREE

A Family Tree helps a person to understand where they came from and who their Family Relatives are.

Giving a sense of belonging and connectedness to people and a community. It gives them a piece of their History and a sense of Identity.

WHAT IS Customary Care?

When the Agency and Family Work Together to find ways to help parents heal and keep their Children Safe. This could mean Children living with their Relatives until Parents are healthy and able to resume parenting or Family members going into the home to provide support to the Children and Parents.

All situations will be developed case by case base on the Families needs. The Agency recognizes that each Family has their own Strengths and Gifts as well as needs. The Agency's goal is to work with each Family based on their specific situation using the Agency's Mission and Code of Conduct.

The Seven Teachings:

Having love, respect, honesty, truth, wisdom, courage and humility is the start of the journey. To respect one another and the gifts we all have. To inspire and empower one another to achieve our goals and heal as a Nation.

To have these teachings within our lives we can do all things to help our families move forward and not be afraid of what is ahead.

Remember we are here for a purpose, and that is to help one another.

Peguis Child and Family believes Our families and Community must be the ones to take care of one another. We are the ones that hold the answer to our own healing.
